## FLATBED SERVICES

For over 45 years, PINCH Flatbed's team of transportation professionals has delivered oil field equipment, pipe, steel and machinery across the nation. Our services include nationwide full-truck load, hot-shot, and a cost-effective LTL flatbed system geared to meet the specialized requirements of our oil-field customers. As the leading transportation company in the industry, we're focused on providing the highest level of service and reliability time after time never compromising Health, Safety and the Environment.

## SCHEDULED LTL

Pinch Flatbed offers a unique scheduled LTL service that provides the greatest value in oil field transportation. With nightly service from Houston to Louisiana, Oklahoma, West and South Texas, and weekly up through the Rocky Mountains, North Dakota, and Canada our system offers a level of reliability and speed unmatched in the industry.

## FULL TRUCK LOAD

Pinch Flatbed currently services the lower 48 states and Canada on a full truckload basis. We have 53', 48' standard and single drops trailers available. Our local, regional and over-the-road drivers run safely and on time. Pinch company and owner operator drivers carry TWIC cards, Haz-mat, and tanker endorsements.

Pinch's Smart-Shot is an alternative to the common oilfield transportation hot shot. Keep your freight costs down but don't compromise on the service. Smart-Shot rivals the speed of a true hotshot service at a fraction of the cost. Pinch will pick up your LTL shipment late in the day and guarantee a delivery the next morning or your money back.

*Pricing & locations vary, please contact a Pinch representative for details.*
